

Proposal for New Owners

Summary

Thank you for choosing to collaborate with us in business.

We are confident that our expertise will bring substantial improvements to the propane solutions for any of the Keating Resources projects. For more information about Keating Resources projects, please visit www.keatingresources.com

Our unwavering commitment to excellence ensures a superior level of service crafted specifically to cater to the needs of companies like yours.

Terms and Pricing

Options are available including a yearly lease or a direct purchase of the underground propane tanks.

Listed below is a summary of the estimated costs associated with leasing and purchasing propane tanks from CBH CO-OP.

After a 10 year annual lease, the tank is the property of the homeowner.

All tanks also include a special of 1/2 price on the first fill.

Pricing *Prices subject to change

| | |
|---|----------|
| 500 Gallon Buried Propane Tank 10 Year Annual Lease | \$299.99 |
| 1000 Gallon Buried Propane Tank 10 Year Annual Lease | \$499.99 |
| Installation Hourly Price | \$79.00 |

Our Approach

CBH CO-OP's propane division demonstrates adaptability, efficiency, and a customer-centric approach.

Recognized as a reputable supplier in western South Dakota and Eastern Wyoming, CBH prioritizes safety with CTEP-trained employees.

We provide round-the-clock access to certified and professional technicians, guaranteeing reliable service. Our tanks come equipped with level monitoring sensors that directly report to both CBH and our valued customers.

Our proven experience extends to collaborating with various contractors both residential and commercial. This underscores our reliability and professionalism in delivering exceptional solutions.

CBH CO-OP's supply location is conveniently just 19 minutes away from the Deer Mountain Village, enabling us to provide prompt responses to any issues that may arise. Additionally, we carry close to 30 days of propane on hand, offering ample product supply.

You'll be working closely with our Director of Propane and his team throughout this process to offer support and answer questions as needed.

| | |
|---|-----------|
| 500 Gallon Buried Propane Tank Purchase | \$4500.00 |
| 1000 Gallon Buried Propane Tank Purchase | \$7500.00 |
| Installation Hourly Price | \$79.00 |
